Jason E. Fine (as heard on the radio and is known as "BIG-AL" from 1-800-HURT-123) is proud to be a five-time consecutive nominee as Top Attorney in Philadelphia Life and Suburban Life in the area of personal injury and former top litigator of the year by this same publication. He has recently also been nominated for best dressed male in Philadelphia by Philadelphia Life and Suburban Life.

Jason is the senior trial attorney and managing partner of the J. Fine Law Group, P.C. with over 21 years of experience representing victims suffering from motor vehicle, Uber/Lyft, slip/trip/falls, work, dog bite, construction accidents, and bed sores and falls at nursing homes. Moreover with crime rates rising, Jason and his team have now been handling and receiving large settlements on negligent security cases such as fights, shootings and stabbings at concerts, bars, sporting events, restaurants and public/private gatherings.

Jason has also been nominated as a Pennsylvania Super Lawyer in personal injury for over ten years. These nominations are evidence of Jason's hard work and doing all he can for all his clients and their family and more importantly not being afraid and winning against the largest corporations and insurance companies.

Jason and his team look forward to helping you and/or your family with any injury matter throughout all Pennsylvania and New Jersey. Jason and his team are usually called from the scene of the accident or by a loved one when the news of an injured family becomes a reality and are available 24-7, 365 days, or at JFINELAW.COM, to immediately begin helping the accident victim/and or family and taking control of the stressful situation. "Everything is going to be FINE" just call 1-800-HURT-123.
